

**Newfields Elementary School**  
**NAEP 2017 PARENT/GUARDIAN NOTIFICATION LETTER**  
**Mathematics and reading assessments**  
January 4, 2017

Dear Parent or Guardian:

Fourth graders at Newfields Elementary School will participate in the National Assessment of Educational Progress (NAEP) on February 1, 2017. NAEP is the largest nationally representative and continuing assessment of what students know and can do in various subjects. It is administered by the National Center for Education Statistics, within the U.S. Department of Education. NAEP is different from our state assessment because it provides a common measure of student achievement across the country. The results are released as The Nation's Report Card, which provides information about student achievement to educators, parents, policymakers, and the public.

Your child will either take a mathematics or reading assessment. The assessment also asks students questions about their daily routine and their educational experiences. For example, students are asked if there is a computer at home and about the amount of reading they do. These survey questions are optional and student responses are anonymous. The responses help provide context and meaning to the assessment results. Please visit <http://nces.ed.gov/nationsreportcard/about/booklets.asp> to review sample questions.

The assessment takes about 90 to 120 minutes for most students. The results are completely confidential (in accordance with the Confidential Information Protection provisions of Title V, Subtitle A, Public Law 107-347).

**The information collected is used for statistical purposes only.**

- Your child's grades will not be affected.
- Students may be excused for any reason, are not required to complete the assessment, and may skip any question.
- While the assessment is voluntary, NAEP depends on student participation to help policymakers improve education. However, if you do not want your child to participate, please notify me in writing by January 9, 2017.

There is no need to study in preparation for NAEP, but please encourage your child to do their best. A brochure that explains what participation in NAEP means for you and your child is available at <http://nces.ed.gov/nationsreportcard/pdf/parents/2012469.pdf>. Please contact Kate Segal at 603.772.5555 or at (email address) if you have any questions.
